Prototyping

Paper/Pencil
HTML/CSS
Draw.io
Atomic.io
Gamemaker
Sketch

Programming

Java
JavaScript
jQuery
TypeScript
AngularJS
Sass, LESS

Drawing Tools

Adobe Photoshop
Corel Draw

Testing

Apache JMeter
Selenium TestNG

Web & Mobile Design

Twitter Bootstrap 4
Ionic2
Node.js
Express.js
Grunt
Git

UX Method

Low Fidelity
High Fidelity
Prototyping
Wireframing
Storyboard
Usability

WORK EXPERIENCE

Senior UI / UX Designer - Enterprise Software Engineer

HotWax Systems (Indore, India)

June 2014 - Sept 2017 (3.3 Years)

Project: [HotWax Commerce](#) (Apache OfBiz powered custom ERP system)

- Developed live HTML/CSS mockups for an E-Commerce from the static wireframes
- Worked on Responsive web design to make HotWax Commerce product responsive
- Dashboard visualization and implementation (Revenue, Customers, Orders, Expenses)
- Contributed to product consistency and performance with code cleanup, Minification of JS and CSS
- Implemented HTML email templates for branding purpose of HotWax Commerce product
- Prepared various versions of HTML themes and provided the import/export feature of themes
- Implemented various UX pattern for quick search, navigation, card pattern with semantic markup
- Build a design/template system namely UIF in which code definitions are used to achieve code consistency

Project : ETHOLUTIONS EXOESO (E-Commerce store front)

- Involved in client communications, developing and delivering the front-end website

Project : [HotWax Projects](#) (Project Management Application)

- Modeling of database, implemented various front end mockups, sketches, and wireframes
- Developed AngularJS based responsive web application to provide real-time project activity tracking system

Project : RTMA (Recruitment Management Application)

- Implemented in-house project of Hotwax Systems to conduct recruitment drives
- Designed, sketched and implemented question bank, test and profile management

PERSONAL PROJECTS

Full Stack Developer

June 2018 - Present

Project : Rolla Hosts - <http://rollahosts.org>

- Developed the wireframe using the Atomic prototyping tool and paper pencil
- Developed the web version of wireframe using Twitter Bootstrap latest version 4
- User research from the various users & Rolla Hosts community

Full Stack Mobile Application Developer

Feb 2018 - Present

Project : Feng Shui Mobile Application

- Developed the wireframes and prototypes using the paper/pencil
